II ANNUAL INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE DEDICATED TO THE DAY OF "TAJIK GEOLOGY" ON THE TOPIC OF "THE DEVELOPMENT OF NATIONAL INDUSTRY AND TAJIK GEOLOGY IN THE YEARS OF INDEPENDENCE OF THE COUNTRY"

We cordially invite you to participate in the II annual international scientific-practical conference on the topic of "The Development of National Industry and Tajik Geology during the Years of Independence of the Country". The conference will be held on December 9th, 2023, dedicated to the day of "Tajik geology".

Conference sessions:

- 1. Modern problems in geology, development of oil and gas fields and other minerals*
- 2. Environmental, economic and freight transport problems in the mining industry*
- 3. Development of energy and reconstruction of metallurgical enterprises during the years of independence of the Republic of Tajikistan*
- 4. Use of mining and geological information systems in industry*

Conference working languages: *Tajik, Russian and English.*

Abstracts or articles must be prepared according to the requirements below and submit until November 25, 2023 at the following address: 735730, Sughd region, Buston, str. A. Barotova 6, **OR** sent by e-mail to: mirboboev88@mail.ru. Phone for information: +992 (93) 997-77-97.

Requirements for the abstracts and papers:

Abstracts should be 1 or 2 A4 pages long and research articles can be up to 5 A4 pages. Margins from all sides should equal 2.5 cm. The recommended text editor is Microsoft Office Word, and Times New Roman font with a size of 12 pt and interval of 1.0 should be used for the main text. Pictures, graphs, and diagrams must be in *.png or *.jpeg format.

An example of the abstract and article structure:

EFFICIENT METHODS FOR PURIFICATION OF FORMATION WATER DURING THE DEVELOPMENT OF OIL AND GAS FIELDS: ON THE EXAMPLE OF THE FERGANA OIL AND GAS PROVINCE

*Rozykov Z.A., Mirboboev Sh. J., Khodzhibaev D.D.
Mining-metallurgical Institute of Tajikistan, Tajikistan, Buston*

Annotation (max. 30 words).

Keywords (max. 7).

Text of the abstract or article

References.

File names sent via email should include first author's surname followed by the portion of the title (3-5 words). Example of a file name: Rozykov_Province_cleaning_effect.docx

Together with the abstract, the following information about the conference participants should be shared with the organizing committee:

- 1. Full name*
- 2. Position and affiliation*
- 3. Academic degree and title*
- 4. Title of the presentation*
- 5. Participation mode (online or offline)*
- 6. Phone number (optional)*
- 7. E-mail*
- 8. Conference session chosen for your presentation.*

Note: *The organizing committee reserves the right not to consider materials that do not meet the specified requirements.*

The abstracts and papers should be original and not previously published or presented at other conferences. The abstracts should provide a brief summary of the research objectives, methods, results, and conclusions, while the papers should provide a detailed description of the research, including the background, methodology, results, discussion, and conclusions.

We believe that the conference will be a great opportunity for scientists, researchers, and students to present their latest findings, exchange ideas, and discuss recent developments in the field of geology and environmental sciences. The conference will feature keynote speakers, plenary sessions, and parallel sessions covering various topics related to geology, such as mineralogy, petrology, geophysics, geochemistry, and environmental sciences, among others.
